

Paddle Shape Library

All of our paddles are 1-piece paddles (no sticks) die cut or routed from different quality plastics- both disposable and reusable. We've produced many shapes to-date most of which are not shown here (yet). Until we update this list please contact us and we can quickly send you a .pdf outline of the shapes in which you are interested. We also offer several injection-molded paddles. New shapes can easily be created in less than 1-week.

All shapes here are pretty close in scale; Adobe Illustrator outlines of our shapes are available free on request
