### Plastic Bid Card Shapes

Large Format Bid Card

These are just a few of the many paddle shapes we have. All are 1-piece paddles (no sticks) die cut from different quality plastics, disposable or reusable. Most overall outside dimensions measure approx. 11 3/4" x 9 1/2". Our plastic paddles and bid cards are available with or without numbers. Numbers may also be purchased separately. Any "new" paddle shape can be made in less than 7 days for a flat \$75. Let BetterBidders create a paddle for your next event!

*Not all shapes are exactly to scale; Adobe Illustrator outlines of our shapes are available free on request*
